Fans that keep the yard flowing.

Longer storage demands reliable aeration. AGI fans deliver the airflow needed to safeguard grain well beyond harvest.

Talk to your local Co-op Equip team to find the aeration system that fits your farm.

This yard is built for speed.

When every minute matters, the MKX² delivers — high capacity, smooth grain flow and tough components designed to cut downtime and keep the yard moving.

MERIDIAN®

MERIDIAN FLAT BOTTOM GALVANIZED BINS

Meridian Corrugated Flat Bottom Bins are the ideal solution for large capacity grain storage. These bins are built in diameters from 15' to 48', with capacity ranges of up to 76,000 bushels. With over 35 years of experience building corrugated bins, you can rely on Meridian for grain storage and handling systems. When it comes to larger flat bottom bins, the 36' to 48' diameter bins are our most popular bins with features such as a large bin lid for easy access, three-panel walk-in door, unload/sweep, full floor aeration and temperature cables.
